

# THIS IS WHERE THE ACTION IS!

Technical excellence and over 40 years of experience is what you get when you join forces with Compro Computer Services, Inc. We are the world's dominant supplier of real-time computer system solutions.

Our high-performance computers, complemented by a host of compatible software, are preferred by simulation and aerospace builders because we offer configuration flexibility, modular performance gains, extensive service programs and the commitment to long-term support.

So if you're looking for the company with experience, turn to Compro . . .
